As an Assurance Partner with Cherry Bekaert's Atlanta practice, Luis provides clients with audit and assurance services and consulting services. A public accountant since 2000, he assists clients in numerous industries including medical device and technology, professional services, specialty retailers, construction and real estate, healthcare and pharmaceutical companies.

In addition to his role with the assurance engagements, Luis actively participates in numerous buy-side and sell-side arrangements for a diverse range of industries including healthcare, distribution, technology and professional services. He has provided transaction advisory services to private equity groups, as well as strategic buyers, by performing accounting and financial due diligence in connection with mergers and acquisitions.
